Objective

Aspiring Data Analyst with a strong foundation in data analytics and programming, seeking to leverage analytical skills to drive data-driven decision-making and contribute to organisational success.

Educational Qualification

Course	Year of Passing	Marks	Subject Taken	Board
B.Sc. (Data Analytics)	2024	86.1% (up to 5th Semester) Awaited 6th Semester result	DBMS, Data Collection and Handling, Advance Excel, Python Programming, Tableau, Machine Learning, Data Structure and Algorithm, Statistics, Power BI, Web Development, Natural Language Processing, Discrete Mathematics, Model Deployment and Cloud Modeling, Time Series and Forecasting, Cyber Security, Deep Learning, Graph Theory	Delhi Skill and Entrepreneurship University, Dwarka (A University of Delhi Government)
Intermediate	2021	74.3%	Hindi, English, Physics, Chemistry, Mathematics	St. Charles Inter College, Sardana (Meerut) (Board of High School and Intermediate Education Uttar Pradesh, Prayagraj)
High School	2019	75.6%	Hindi, English, Mathematics, Science, Social Science, Computer	St. Charles Inter College, Sardhana (Meerut) (Board of High School and Intermediate Education Uttar Pradesh, Prayagraj)

Work Experience

- **Data Analyst Intern in Data N Stats Pvt. Ltd. from February 1st, 2024 to June 1st, 2024.**
 - Implemented proficient web scraping skills using Python and tools like Bardeen and Octoparse to gather data from various platforms.
 - Automated the scraping process with Selenium, reducing data collection time by 50%.
 - Applied Python for data manipulation, ensuring the accuracy and relevance of data.
 - Utilised Pandas for effective data management and analysis.
 - Scraped and translated data for social media analytics.
- **Research Intern in Ikaai Pvt. Ltd. from July 1st, 2023 to July 31st, 2023**

- Cleaned and pre-processed large datasets using Excel to ensure data accuracy.
- Created interactive dashboards with Tableau and Power BI for data visualisation.
- Used SPSS for advanced statistical analysis supporting research projects.

Professional Skills

- **Data Analysis Tools** - MS Excel, SQL, Tableau, Power BI
- **Programming Language** - Python
- **Web Development** - HTML, CSS, JavaScript, Node.js, Flask
- **Libraries** - NumPy, Pandas, Matplotlib, Seaborn

Projects

- **Color Detection System**
 - Developed an innovative Color Detection System using OpenCV.
 - Achieving accurate colour identification within images.
 - Implemented a user-friendly web interface using HTML, CSS, and JavaScript for seamless interaction.
- **Singapore Train Lines Case Study**
 - Conducted an extensive case study on Singapore train lines to visualise and analyse their paths.
 - Utilised mapping techniques to illustrate the entire network, enhancing understanding and facilitating strategic planning.
- **Boston House Price Prediction**
 - Spearheaded a House Price Prediction project for Boston, leveraging linear regression models.
 - Successfully predicted house prices, demonstrating proficiency in data analysis and machine learning.
 - Applied findings to inform strategic decision-making in the real estate sector.
- **FIFA Football 2019 Visualization Project**
 - Analysed and visualised player data using Python, Pandas, and Matplotlib.
 - Developed visual representations to highlight standout players and trends.

Academic Achievements and Certifications

- PL-300 certificate: Microsoft Power BI Data Analyst/DA-100
- Python Certificate (Udemy)
- Advanced Excel & Financial Calculations
- Code Spardha - Coding Competition

Hobbies

- Yoga
- Playing Badminton

Extra - Curricular Activities

- NSS Member in college.
- Hackathon Participation.
- NCC Member in School.
- Speech Competition.
- Scout and Guide Camp.
